ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. You must be satisfied. **PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Auction Sales Are Conducted in the Following

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins each month. Whenever this happens, we want it called to our attention to help prevent future errors.

The coins will be on display the day of the sale at our offices and can be seen by appointment any day prior to the sale.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

**YOU WILL WANT A PRICE LIST OF THIS SALE
TO KNOW WHAT COINS ARE BRINGING
PRICE LIST OF SALE 50c**

IS THIS YOUR FIRST AUCTION CATALOG?

Proof coins, currency and commemoratives seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable." The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand, at the time of the publication. **The estimated prices are entered only after careful examination of the results obtained in our past sales which reflect the actual and not theoretical value.** In the final analysis, you, the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated were we collecting. Coin collecting is a personal hobby which makes life a little more pleasant. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

BARGAINS GALORE

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN.

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You In Mind. If you have any suggestions, complaints, compliments (yes we receive some now and then) we want to hear them. Having cataloged over one hundred forty successful coin auctions, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know it all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 6c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the **bid sheet**. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized, we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

OUTSTANDING COLLECTION OF PROOFS

Proofs Are Very Popular At Present and Are Rapidly Rising in Value. In Fact, Many Are Already Bringing Substantial Premiums Over the New 1953 Standard Catalog of U. S. Coins and the New 1953 Guidebook of U. S. Coins. May We Call Your Attention to Our Recent Buying Ads Wherein We Offer to Pay 1953 Catalog Prices (more in some instances) for a Number of Coins. 1952 Guidebook and 1951 Standard Catalog list the 1895 silver dollar in proof at \$150, however it was already bringing \$150 at that time; now both of these books list this coin at \$150 but it is already bringing closer to \$175. We merely use this one coin to illustrate that the market on scarce and rare proofs is advancing so rapidly that by the time the catalog is issued (prices made up 3 to 5 months previous based upon auction records made during the prior year) the market has advanced substantially. Of course a careful check of the prices realized after each sale will reveal that a number sell at various discounts from catalog — naturally, these are the more readily available coins which appear to come upon the market in rather fair supply. The scarcer and more popular coins in choice condition seem to bring various premiums of catalog. JUDGING FROM THE PRESENT STRONG DEMAND, WE BELIEVE TODAY'S PRICES ON PROOFS WILL APPEAR VERY REASONABLE COMPARED WITH WHAT THEY WILL BE BRINGING TWO OR THREE YEARS FROM NOW.

	It is interesting to note that when this coin listed at \$10 in 1950 it was already bringing \$25 at auctions; when it listed at \$20 in 1951 it was already bringing \$35; now that it lists \$35 in the 1953 catalog it is already bringing very close to \$50. This is a perfect example to illustrate the rapid advance of popular coins. The catalogs are based upon the prices realized during the previous year and therefore are a year behind in prices of popular coins. On those coins which do not advance as rapidly, the catalogs are fairly accurate.

COLLECTION MILITARY SHOULDER PATCHES

- 1292. COLLECTION OF 330 DIFFERENT U. S. SHOULDER PATCHES** of divisions, corps, army, service, etc., plus a few foreign such as British lion with half-moon above, one in Hebrew (Palestine division in British 8th Army which stopped Rommel?). In addition 38 different metal emblems are sewn in the center (officers, Wacs, engineer, doctor, etc.) All the patches and emblems are sewn in order on a G.I. blanket which is trimmed all around with patches containing a blue star on white on red background. **THIS IS THE LARGEST COLLECTION WE HAVE SEEN AND WOULD MAKE QUITE A DISPLAY HANGING ON THE WALL OF AN OFFICE OR DEN.** The owner states that he paid 50c each for most of the patches when obtaining them from soldiers being discharged and that he was able to obtain only a very few as low as 25c and paid \$1 and more for a number. He further states that he worked over a year assembling the collection but could not remember how many hours it took him to sew the patches onto the blanket. When we asked him what value he placed on this remarkable collection, he answered: "I don't honestly know as I don't believe I could duplicate it again. The patches and emblems probably cost me an average of 60c each (a total of over \$400) plus 25c each for the approximately 125 patches which I used as a border (a total of \$31.25) plus \$5 for the blanket. My time in sewing the patches to the blanket I don't figure as anything as it was my hobby. All told, I probably paid out around \$450 cash in making up the collection." He further stated that he had the collection insured at \$1000 under his policy.

The above is all the information we were able to obtain about this interesting collection. What it will actually bring, we hesitate to say. Bid whatever it is worth to you. This is the only collection of its kind to appear in all our 140 sales.

FRACTIONAL CURRENCY SHIELD

- 1488. RARE ORIGINAL FRACTIONAL CURRENCY SHIELD** we quote from "The Standard Paper Money Catalogue" "A shield" is an assortment of 39 closely trimmed specimens that the government mounted on a mat of heavy paper on which was engraved a large shield, surmounted by an eagle standing on a shield; in the talons of the eagle on the right is a number of arrows, and at the left is an olive branch with leaves and berries on it and a streamer on which is "E Pluribus unum." Above the eagle are 13 stars in two curved rows, 9 in the upper and 4 in the lower. The engraved shield seems to have been spaced as for stars and bars, in the space where the stars would have been are 13 specimens in three rows, 4 in each of the upper two and 5 in the third row; in the space where the bars would have been are 26 specimens arranged in 6 rows of 4 in each row and below these under the second and third columns are the other 2; to fill out the space under the first and fourth columns is the Treasury seal. The assortment of 39 specimens were not all the same, on each shield, though the arrangement of denominations probably did not vary." This particular shield has the grey background, and contains the rare 15c with Colby-Spinner autograph signatures and 10c with autograph Jeffries-Spinner which pair are worth over \$100 alone. This shield has been newly framed with a composition mat around the edge cut in the form of a shield. The owner says he paid \$25 to frame the currency shield with the mat over five years ago. A VERY RARE AND DESIRABLE "NUMISMATIC ITEM" TO HANG IN A DEN OR OFFICE. Easily worth \$250.00.

1903 \$1 McKINLEY PRESENTATION COIN & CERTIFICATE

- 1489. PRESENTATION CERTIFICATE WITH 1903 \$1 McKINLEY BRILLIANT PROOF IN CENTER AND OFFICIAL WAX SEAL AT BOTTOM** "This is to Certify that the accompanying **LOUISIANA PURCHASE EXPOSITION GOLD DOLLAR** struck at the mint of the United States, at Philadelphia in accordance with an Act of Congress approved June 28th, 1902, is one of the first one hundred impressions from the McKinley dies; (pen signature) Rhine R. Freed COINER. John H. Landis SUPERINTENDENT." The above is in a glass frame. We quote the last paragraph on page 158 of the Standard Catalogue of United States Coins, 1953 "Not included here in this catalogue, but authenticated, are the commemoratives struck in proof. These include the four gold dollars of 1903-1905, all represented in the Mint Cabinet." These commemorative gold pieces are very rare but mounted in the original Presentation Certificate, they are particularly so. Certainly, only a very few of the original 100 struck can have remained intact in the Presentation Certificate. Another unusual "Numismatic Item" to hang in an office or den. \$150.

An unusually choice and remarkably complete set seldom available. A check of the records during the past five years will reveal that these and the Mercury dimes are rising in value more rapidly than any other series. In fact, the opportunity to acquire some of the scarcer dates in choice condition presents itself only about once in a year or two. The prices estimated after each lot are based upon past and current sale records wherever available.

NATIONAL BANK NOTES — FIRST CHARTERS

The owner has made an extensive study of these interesting notes and as a result has broken the first charters down into distinct types such as red and blue numbers, with and without charter number overprints, 1875 series overprint with scalloped seal, and changes in paper. We note that "blue ends" are listed in fractional currency catalogs but as yet, the Standard Catalog publishers have not seen fit to include them together with the above varieties. Judging from the remarkable increase in the number of currency collectors, we believe the time is not too distant when these varieties will be added (just as early silver dollar and large cent varieties have recently been added). The reverses are used only on these notes (1864-1875) while the \$10 and higher denomination obverses are also used on the 1882 series with different colors and seals. This is the only period of \$1 and \$2 nationals.
